Certification of Non-Commercial Trip

Please read before signing: A river trip is non-commercial if there is a bona-fide sharing of expenses. There shall be no fees, charges, or other compensation collected from individual participants in excess of actual costs or expenses incurred. By contrast a trip is commercial if anyone on the trip makes a profit, receives a reimbursement or salary, receives rental for use of equipment, or supports, in any part, other programs or activities from amounts received from passengers. Accordingly, fund raising trips are commercial and sponsors will have to arrange for an existing commercial launch from a permitted outfitter. Why the concern? Operating under the guise of non-commercial boaters, illegal outfitters are stealing carrying capacity from the private sector for their own profit. They compete unfairly with legitimate outfitters by avoiding use fees, insurance requirements, and the need to comply with standards of the industry. Their guides may or may not be qualified; their equipment may or may not be safe. Your signature on this form signifies that, to the best of your knowledge, your trip is not commercial (persons involved in unauthorized commercial operations or falsifying this document are subject to fine and/or imprisonment).

“Your safety is your responsibility. Travel on the San Juan River has inherent risks and river runners assume complete responsibility for their own safety.”

I hereby agree to abide by the conditions and stipulations attached to the river trip permit at the time it is issued. I understand that as a trip leader, I am responsible for all matters of compliance with applicable laws, regulations and permit stipulations. Permits may be voided or revoked due to violation of the stipulations. I certify that I am over 18 years of age.
